

Prizes/Awards

During my time at EVVA, I was strongly focused on the development of excellence within the company. To get feedback on progress, I took part in several important and recognized competitions with my team. The criteria were Industry 4.0, digitalization, lean management, efficiency and sustainability.

2016: Best Industry 4.0 application, Vienna Business Agency

First place out of 20 submissions and funding of 500,000 EURO
Cyber-Physisches-Montagesystem, the assembly system of the future

Industry 4.0, automation, digitalization, ergonomics, scaling

2020: The best factory in Austria, Industriemagazin and Fraunhofer AT

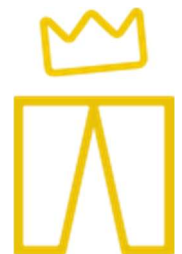

Final participation and **Green Factory award**
Nomination, assessment and participation in the final

Industry 4.0, efficiency, digitalization, productivity, sustainability

2021: Trigos Award, the most important award for sustainability and CSR in AT

Nomination from 150 submissions and participation in the final Erster Platz
Climate protection category with **Clean Production**

2022: Lean management lead companies, audit and award by StEP-Up

6-month competition with other top production companies

First place and award for Lean Management Leading Company

Baden, May 11, 2024

Michael Kiel
